WALMART NEW HOME OFFICE

BENTONVILLE, ARKANSAS

Spreading out over 350 acres, the Walmart New Home Office will house around 15,000 workers and be comprised of more than 30 buildings. This will include 12 dedicated office buildings alongside amenity spaces such as a hotel, auditorium, fitness center, childcare center, amphitheater, food hall, nine parking decks, with more than 1,000 spaces each and two lakes. Street front retail shops will also open on the campus.

- ✓ **350 ACRE WORKPLACE**
- ✓ **750,000 NATIVE PLANTS**
- ✓ **1000 BIKE PARKING SPOTS**
- ✓ **+30 BUILDINGS**

Sustainability and technology played a major part in the design. The New Home Office reflects a sustainable future with buildings designed to achieve LEED Platinum standards.

Half the campus is green space, with more than 750,000 native plants, including 5,000 planted trees. You can also find seven miles of walking and biking paths, 300 EV charging stations and a rentable bike fleet.
